19 April 2017

Dear Parents/ Carers

Following the inspection of Roysia Middle School by Ofsted on 8 and 9 February 2017, we have great pleasure in sharing the final report and judgements with you. The overall conclusion is that Roysia is a 'Good' school.

Roysia School has embraced changes to the Ofsted framework with enthusiasm; this is driven by the determination to provide the very best possible teaching and learning opportunities for all pupils within a caring and supportive ethos. Ofsted's 'Good' judgement is richly deserved by the Roysia team and we would like to put on record our thanks to everybody who has contributed to the achievement of these judgements.

Before the inspection, we asked pupils to share the pride they have in being members of the Roysia school community and that is exactly what they did. Inspectors were highly complimentary about pupils and their attitude to school. The report states: *'The school's work to support pupils' personal development and welfare is outstanding'*. It was also recognised that *'Pupils are happy and are proud of their school. They enjoy coming to school and make good progress in a range of subjects.'* We are also very grateful to parents/carers who took time to respond to the questionnaire and to all of you for your ongoing support of the school. In particular, we are most appreciative of the efforts of the staff over the last three years in addressing key areas for development since the last inspection, and above all, for working to raise the achievement of our pupils year after year.

Regardless of these judgements, we are not complacent and continue to share a constant desire for improvement. We already have a number of development targets beyond those identified by Ofsted, and you have our assurance that we will continue to be evaluative and reflective and to strive for continuous improvement.

Please feel free to contact us via the school, if you wish to discuss any aspect of the report further.

Yours sincerely

Laura Rawlings
RSAT Middle Schools Headteacher
