9 May 2017

Dear Parent/Carer

I am delighted to inform you that Creative Thinking Week will take place in the week beginning 15 May. During Creative Thinking Week every child in the school will have the opportunity to take part in a workshop lead by a professional artist.

The artists have been busy preparing excellent workshops for your children and will challenge them to explore art techniques and put their communication skills to the test. After Creative Thinking Week we display the children's artworks throughout the school before encouraging them to bring their work home to show you what they have made.

At the end of the week, your child will have the opportunity to apply his or her creative thinking skills to a Science, Technology, Engineering, Art and Maths challenge. It promises to be a very special experience for all the children and the timetable is as follows:

**Tuesday 16 May *Laura Bradshaw-Heap***

Year 6 Felt making

**Wednesday 17 May *Darcy Turner & Jane Bower***

Year 8 Wire Sculpture

Year 7 Ceramics

**Thursday 18 May *Nicola Burrell***

Year 5 Snip n' Slot Sculpture

**Friday 19 May**

STEAM Day (Science, Technology, Engineering, Art and Maths)

The cost of Creative Thinking Week is supported by the school, but we request that each child brings a contribution of £5.00 towards the specialist materials and equipment needed. If you have a problem meeting this cost please contact the school office. Please complete the reply slip below and return with your payment, or you can pay on-line at Parent Pay.

In previous years pupils have produced outstanding work. We are all looking forward to having a creative and, most of all, really enjoyable week again this year.

Yours sincerely

Mrs E Baigent

Leader of Art

I acknowledge receipt of your letter dated 9 May 2017 and enclose a contribution of £5.00 / I have paid by ParentPay (please delete as appropriate)
